Pre-Requisites!

To be able to sync a Grind-by-Sync (GbS) grinder to a La Marzocco machine, you need a commercial La Marzocco coffee machine.

•

Users not having a GbS grinder will only see part of the functionality in the apps. The apps are centered around monitoring statistics, telemetry, and more on the devices.

•

You also need the La Marzocco app and you need to make sure that the La Marzocco machine is already onboarded according to La Marzocco's own onboarding instructions.

•

The grinder uses the 2.4Ghz Wifi protocol and will ONLY capture 2.4Ghz. 5Ghz is not supported and will not be detected/listed by the grinder.
