SERIES GH-B
BY PINECONE

Commercial Grinder

# GH-B

by Pinecone

The GH-B is for budget-conscious users in need of a versatile and user-friendly commercial grinder. At an output of more than 500 g / 1.1 lbs per minute and excellent particle size range, the GH-B is a trusted companion for a wide range of applications.

## Versatile & user-friendly

Its simple interface, height adjustable tray and universal bag holder make it easy to use even for novices in non-coffee or self-service enviroments.
